Custom Order Specification Sheet

Document No.:

Customer Name		Order No.	
Product Name	Industrial Ultrasonic Cleaner with Generator	Customer P.O. No.	
Model	YM2480 88L 1200W 40kHz	Quantity	1pcs
Tank Material	304	Thickness	2mm
Shell Material	201	Thickness	1mm
Tank Size	550*400*400 mm		Voltage
Overall Size	750*600*750 mm (subject to actual product)		Packaging
Ultrasonic Design	Submersible Plate <input type="checkbox"/> Side-mounted <input type="checkbox"/> Bottom-mounted <input checked="" type="checkbox"/>		Solvent Requirement
			Water-based <input type="checkbox"/> Organic-based <input type="checkbox"/>

As per Client's Spec Custom

Capacity: 88L
 SUS304 Tank Size 550*400*400 mm; SUS304 Basket Size: 500*350*350 mm
 Ultrasonic Power: 0 - 1200W (Power adjustable)
 Transducers: 24pcs
 Frequency: 40khz Default; 28kHz optional; if you need dual 28/40kHz pls let us know.
 Heating Power: 3000W
 Voltage: waiting for confirmation (220V Single Phase Default; 220V Three Phase Optional)
 Tank Material: SUS304 (T = 2.0mm) ; SUS316 Optional, Pls let us know.
 Shell Material: SU201 (T = 1.0mm)
 Temperature Control: 20-95°C
 Timer Range: 1–99mins, or long working time mode
 Digital Control: Industrial drive board with LCD display
 Design: External generator default; built-in generator Optional
 Control Functions: Power adjustable, Memory function (auto recall of previous settings)
 Drainage: Bottom-mounted SUS304 stainless steel drain valve
 Accessories: Durable stainless steel wire basket, heavy-duty universal wheels, lifting handle lid
 Warranty: 1-year warranty, lifetime technical support
 Manual: English User Manual included

Control System	Separate Control Box <input type="checkbox"/> Built-in <input checked="" type="checkbox"/> Power Adjustment Function <input type="checkbox"/> Ammeter <input type="checkbox"/> Electrical Cabinet Built-in <input type="checkbox"/>
